## Professional Experience

### Intern UI/UX Design & Front-end Developer

2024 - 2024

LegionCode IT Solutions

During my first month of training, I developed a small CRUD application. Afterward, I contributed to developing the frontend and UI/UX for a meal token issuing system, using React, Yarn, Ant Design, TypeScript, PostgreSQL, and NestJS..

### Web Developer Intern

2024-2024

Sri Lanka Foreign Bureau (6 Months)

Developed web applications with React, Java, Spring Boot, and MySQL. Assisted with database management, API integration, and system optimization. Supported teams in improving systems and managing CI/CD with Git and Jenkins.

## Freelancer Project

### NobleHomes-Galle

2024-2024

LegionCode IT Solutions

Developed the NobleHomes Galle real estate website at LegionCode IT Solutions, integrating the admin panel, client-side, backend. The tech stack includes Vite, Tailwind CSS, MUI components, Node.js, Express, and MongoDB.

Website -: <https://www.noblehomesgalle.com/>

### DREAM CATCHER STUDIO

2024- 2024

LegionCode IT Solutions

Developed a full-stack photography website for Dream Catcher Studio, focusing on responsive design, user-friendly interfaces, and seamless functionality for both admin and client sides.

## Scripting Languages

- JavaScript TypeScript

## Frameworks & Libraries

- Hibernate JavaFX Spring Boot
- CSS Bootstrap React jQuery Ajax
- Node.js Express.js
- Maven Java Beans JDBC Java EE
- React Native Tailwind CSS
- Redux Next.js

## Databases

- MySQL PostgreSQL
- MongoDB SQL Server

## Development Tools

- Visual Studio Code IntelliJ IDEA
- Visual Studio Android Studio
- Postman Docker Git

## Tech Stack

- HTML, CSS3 JSON API GraphQL
- WebSockets RESTful Services

## Architectural Patterns

- Layered Architecture
- Model-View-Controller (MVC)
- Client-Server Architecture
- Microservices Architecture

## Cloud Technologies

- Amazon Web Services (AWS)
- Docker Kubernetes

## UI / UX and 3D Modeling

- Blender
- Figma Adobe XD
- Photoshop Lightroom

## CERTIFICATIONS

### University of Moratuwa Full Stack :

- Competed FullStack Development

### SoloLearn :

- Skills and Certification
- Focused on coding and programming languages.

### Great Learning :

- Skills and Certification
- Diverse courses in technology.

### HackerRank:

- Holds three Verified Skills Certifications

### Other-Platform :

- devTown , Front-end Mentor , SimpleLearn focused on coding and programing language

## GREAT FROZEN

2024-2024

### LegionCode IT Solutions

Developed the responsive frontend of the GreatFrozen website, ensuring intuitive UI and smooth client-admin interactions.

Website -: <https://www.greatfrozen.com/>
